

MERS Workgroup's Mission Statement:

To work together with organizations that are MBA members to support and enhance the MBA's mission of being a forum for sharing information and ideas as they relate to MERS.  
To share information among peer groups, leveraging and developing best practices that are in compliance with MERS requirements and other applicable industry standards.

To partner with MERS in understanding their specific and detailed requirements, and to research and recommend changes that will benefit issuers, servicers and custodians alike without increasing risk.
