## RESPA

### MBA Seeks Input on Proposed Approach to RESPA Reform

MBA invites feedback from its members on the three draft documents below that, if finalized, would comprise an MBA approach to reform of the Real Estate Settlement Procedures Act (RESPA). These documents include:

1. MBA Summary of Options for RESPA Reform

2. MBA Options for RESPA Reform

3. A New Good Faith Estimate

4. A Revised HUD-1

A task force comprised of a representative cross-section of MBA members under the leadership of MBA's chairman worked to develop these draft documents.

You may use this site to provide comments on any or all of the documents. MBA will carefully review all feedback received and incorporate it into a final proposal related to RESPA reform. Please submit one comment at a time. If you would like to preview your comments, please be sure to fill in the email field.

If you have any questions about these proposals, please contact Ken Markison at [kmarkison@mortgagebankers.org](mailto:kmarkison@mortgagebankers.org).

Thanks for your interest and comments.

**NOTE:** MBA members are encouraged to sign-up for a CampusMBA audio program presentation on RESPA on July 20, 2006, to learn more about the thinking behind these proposals and have an opportunity to ask questions. [Click here](#) to register for the call. There is no charge for participating in this special MBA member-only forum.
